

From the Desk of CMD

Dear Colleagues, Consumers and Well Wishers,

I assumed the charge of Chairman-cum-Managing Director, Tripura State Electricity Corporation Limited on 30th April'2010. I wish we can all march ahead together for a new level of achievements and success in the power supply industry as a brilliant service provider.

I understand that TSECL could attain new height of acceptability among the Consumers/Customers with your continuous and esteemed support since operationalized w.e.f 1st Jan'2005. It is my feeling that all the officers and employees of the Corporation strive hard to meet various challenges of providing round the clock service throughout the year and I appreciate your endeavors which are bound to lead to a good and healthy relation between the service provider (TSECL) and customers.

In order to further improve the working of the Corporation, we have a lot of plans and initiatives for enhancing our functional efficiency with transparency in the field of Generation, Transmission and Distribution in coming days. Also, we shall have to continuously strive hard for increasing the satisfaction level of our consumers by rendering better and better services, if not best.

I seek support of all concerned in marching forward.

*Niladri Shekhar Chakrabarti
Chairman-cum-Managing Director*
